

FROM THE PRINCIPAL

Now that the dust has settled I've had the time to sit back and reflect upon how great a week the last week of Term 3 was.

The Moon Lantern Celebration was one of the most exciting events that I have ever been associated with. To see so many families taking part on the night was a great spectacle and represented exactly how we all want Berri Primary School to be perceived in the local community. To have the Governor open the event for us was a great recognition for the school and validated the sense of community that we are trying to develop. I know that Mai Schloithe was thanked publicly on the night but I do want to take this opportunity once again to recognise her sensational dedication, commitment and enthusiasm, well done Mai.

Peter Safralidis must also be thanked for his efforts in organising the Riverland Celebrities versus BPS Year 6/7's Soccer Match. Not only was a lot of fun had by all who participated and watched the event, but the fact that all the proceeds went to Relay for Life was the perfect way for us all to recognise how we can help the less fortunate. Great effort Saf.

Term 4 always rushes by in a blur of activity, so some dates to have in your busy calendars already are:

Week 2	Room 15 Camp
