

From The Principal

Thank you to our stars!

Do you remember last year when it looked like our Level 4 (Level 3 in JP) children were going to have the thrill of a lifetime and travel in a **submarine** down the River Murray? Unfortunately for the children it wasn't a submarine voyage that they got to experience but the reward was nearly as good when an ice cream van made a visit to the school and everyone enjoyed a chocolate and sprinkle covered ice cream.

Well this years end of term surprise is even BIGGER, BOLDER and BETTER than a boring old submarine ride. Hold onto your hats because on Friday all of our stars will be going for a...

hot air balloon ride!

over the Berri township! What an amazing way to end the year. Our high level kids contribute so much to our school as they are leaders, motivators and they regularly display persistence and maturity beyond their years.

Is Mr Platt serious?

Or is this one of his hilarious jokes?

PLAY GROUND SAFETY

Following a recent playground safety training run by 'Kids Safe SA' some of the Upper Primary playground equipment will be removed due to rusted footings. This equipment has been sectioned off with bunting. We will continue to maintain and upgrade our playground equipment to ensure the safety of students.

FURNITURE AVAILABLE - FREE

Various free furniture items will be available from Thursday morning onwards. The furniture will be outside the blue spotted shed. Please contact the front office if you're interested in any items.
