YEAR 7 TO HIGHSCHOOL

From 2022 all year 7 schooling across the state will take place at high school. This means that this years year 5 and 6 children will be leaving Berri Primary School at the end of 2021.

At Berri Primary School we are committed to ensure that the transition to High School is a very smooth one and to ensure this we have started our planning now.

We will make sure both groups of children are provided with the same opportunities in their final year. Things such as being able to purchase and wear a Year 6/7 jumper to school, Graduation ceremonies and opportunities to take on various leadership roles within the school. The transition process is yet to be determined but everyone will get ample opportunities to ensure that they feel comfortable with the move.

I will keep you updated regularly with news and please don't hesitate to contact me if you have any concerns.

Level 4 PIZZA making with Mr Platt

Hi everyone!

As we come to the end of the term, Student Leaders have got some fun activities planned for students to join in with. Here are some that are coming soon...

Junior SRC decided to have a Hot Dog day on Wednesday July 1st. Every child should have received their order from, but if not, there are spares in the office. Please return your order with correct money to school by the end of Week 9.

As an end of term activity, Junior SRC are offering fresh popcorn and will be delivering it to classes. SRC reps are asking for a movie to happen as well, but class teachers will be in charge of what happens when the popcorn arrives!

House Captains and I are meeting tomorrow afternoon to discuss lunch time activities for students to join in with. At this stage House vs House games such as tennis and basketball are being discussed as well as lunch time games that can involve students from R-7. This is a great opportunity for our Student Leaders to get involved with students in their Houses and to encourage team spirit.

Senior SRC have focused on activities later in the year such as the Colour Run and Relay for Life as well as a tie dye session for classes. You'll start to see these activities advertised early next term.

Cheers
Faye

YEAR 7 TO HIGH SCHOOL

Parent Update Week 8, Term 2 - 2020

Connecting with your local high school

We hope your child is enjoying being back at school for term 2. The lead up to the term was challenging for students, families and schools as together we responded to COVID-19.

We know some things had to be done differently, such as high school open days which were cancelled, postponed or moved online.

If you're interested in learning about your child's high school now, speak with your high school about how to best connect. If you're unsure of which high school zone you live in, use the [Find a school](#) tool on the department's website.

Getting ready for the move

Primary and high schools are working hard to plan for the move of year 7 to high school in 2022.

If your child is in year 5 or 6 this year, they'll be graduating from primary school next year. Primary schools are thinking now about how to make your child's last year in primary school a positive experience.

High school planning is also in full swing to welcome year 7s and year 8s together in 2022.

Primary and high schools are working together at every level to make the move a success for your child.

Stay engaged with your school to keep updated with the latest information.

Where to find out more
